READY as America goes forward!

IT IS certainly no news that America has been passing through a depression. The railroads, like every other business in the land, have had their problems, and plenty of them. And like every other enterprising American business, the railroads have faced those problems with honesty and patience, with resourcefulness, *most of all with determination to go ahead.*

A vast range and variety of betterments in railroad practice and equipment is the result — such betterments as air-conditioning, for example, which makes a railroad passenger car today the cleanest, quietest, most comfortable way to travel.

Conspicuous also is the notable step-up in passenger schedules, to a point where many limited trains now *average* a mile-a-minute speed. And freight transport also has been speeded up — an average of 43%. But the real story of railroad enterprise is scarcely told by these figures, for it is a story of *speed with safety* unmatched by any other transportation in the world!

In its details it is, perhaps, an undramatic story — of light rails replaced by heavier ones — of roadbeds improved — of brakes and couplings bettered — of locomotives increased in power — of courageous investment matched by constant thrift in order that service might be maintained and even improved in the face of reduced revenues.

The big fact, however, stands clear: the American railroads today are ready as America goes ahead — ready with the facilities and the men to move, adequately and reliably, the tremendous tonnage required by a recovering nation.

The Norfolk and Western Railway and the great territory it serves have forged ahead during the recent lean years. Being a "home town" railroad, the N. & W. is naturally proud of these records. Since 1930 the railway has authorized the expenditure of more than $66,000,000 for additions and betterments to its transportation plant, and for refinements in its services. This progressive program has kept N. & W. folks at work and spread business along our lines. Our freight service has never been better. We have speeded up schedules. We have inaugurated free collection and delivery service of less-than-carload freight. We have provided the finest air-conditioned passenger equipment in the land. Each year sees more industries established along the Norfolk and Western, more farms developed, more businesses opened up. All of these things reflect a progressive spirit, faith in our railroad and our territory. The Norfolk and Western, together with its patrons, its friends, and its territory, will continue this march of progress as America goes forward.

Try CARDUI For Functional Monthly Pains

Women from the 'teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

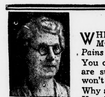
You're The Loser



WHEN you allow *Headache, Neuralgia, Muscular, Rheumatic, Sciatic* or *Periodic Pains* to keep you from work or pleasure. You can't go places and do things and are suffering—and the work or good time won't wait for you.

Why allow Pain to rob you of Health, Energy, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, don't upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you are not likely to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in twenty minutes?

As a household remedy I have never found anything that equals Dr. Miles Anti-Pain Pills. Mrs. Silas D. Keller, Pender, Nebr.

I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find each one likes them. Mrs. Martha Lacy, Oxford, Ind.

I have been using Dr. Miles Anti-Pain Pills for years. I have one on hand all the time. I can certainly recommend them for pain. Miss Audra Seybold, 2417 W. 2nd St., Dayton, Ohio.

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand. Mrs. E. Pierce, Lapwai, Idaho

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain. Mrs. J. L. Kester, Shickshinny, Pa.

I have been using Dr. Miles Anti-Pain Pills for thirty years. No matter what kind of pain I have, they stop it almost instantly. Never without them in the house. Mrs. Chas. W. Webb, Indio, Calif.
